Dear Praveen,

The implementation of this report no. is 01/Sep/2018 and according to me the time limit is high. Because except ayurveda(Form - 50) ,Pharma(Form-39) & chennai report template we are using one standard report template for Food,Building,Environment,Helmet & Textile.

We also need some time for testing before the implementation. **Start with Implementation of NABL Scope in Test Parameter Master, so that i also get time to update value in test parameter master.**

We have one deadline for implementation of this task, please try to complete within time line.

With Regards,
Deepika Sharma
