**Subject:** Re: NEW Modification ESTIMATION : One new urgent requirement regarding NABL Notification**From:** "Deepika Sharma" <deepika.sharma@itclabs.com>**Date:** Thu, September 27, 2018 6:03 am**To:** "Praveen Singh" <praveen.singh@drishinfo.com>**Cc:** "Chaand Kackria - Drish" <chaand@drishinfo.com>**Priority:** Normal**Options:** [View Full Header](#) | [View Printable Version](#) | [Download this as a file](#) | [View Message details](#) | [View as plain text](#)

Dear Praveen,

yes, it is approved.

Step 4 :- Conditions for check box are as follows :-

(a) Displaying of Right Logo checkbox CHECKED on Generate Report Criteria Popup Window if Test report is applicable for Generation of NABL Code having value of "F" in 18 digit, otherwise right logo checkbox will be displayed UNCHECKED.

STEP-5 : Changing the Label of Right Logo checkbox to "NABL Code Applicable(F)" or "NABL Code Applicable(P)" on Generate Report Criteria Popup depending upon the value of 18 digit.

With Regards,  
Deepika Sharma

Dear Ma'am,

Please find the Process Flow and Estimation for New Modification in NABL Code generation task below:

STEP-1 : Changes On Generation of NABL Code at the time of approval(QA) automatically by the System if any one of the parameter used in report is in NABL scope(F/P) irrespective of Approval has checked the Right Logo checkbox on Generate Report Criteria Popup Window or not.

STEP-2 : Changes on 10-17 Code generation due to addition of Prefix 'TC'.

STEP-3 : System will not considered standard parameter(like Reference to protocol, Description etc.) in the calculation of "F" & "P".

STEP-4 : Displaying of Right Logo checkbox CHECKED on Generate Report Criteria Popup Window if Test report is applicable for Generation of NABL Code. If not, then Right Logo checkbox will not display and user cannot able to generate the Right Logo in Test report as well.

STEP-5 : Changing the Label of Right Logo checkbox to NABL Code Applicable on Generate Report Criteria Popup
