Dear Praveen,

I am sharing you the basic process flow diagram of inventory again as an attachment. In this process flow diagram the points discussed in meeting of 23.04.2019 are not included. The other points to be included in inventory module are as follows:-

(a) Consumption Record :-

On standard basis :- as per BOM

Actual basis :- as per issuance

Variance analysis of standard vs actual

(b) Inventory Ageing Report:-

For Capex :-

Instrument Certification

Depreciation Certificate

Calibration Maintenance

Asset Register

Column Utilisation

(c) Purchase book in Finance and Vendor outstanding /Ageing.

(d) BOM:- Creation of BOM and linking with order booking & Scheduling.

(e) All MIS relevant to Inventory Module.

With Regards,

Deepika Sharma
